

Hello Parents,

Welcome to March. Hopefully some warmer weather is on the way. Spring and Spring Break are just around the corner. But before we prepare for that, we need to finish 3<sup>rd</sup> quarter strong. It's hard to believe that we are nearly three-quarters the way through the school year. Also, with the start of fourth quarter comes pre-registration for next year. See below for information about grade level pre-registration dates and locations. And, it wouldn't be springtime without State testing. After we return from Spring Break, our students will start ISAT testing in late April.

Here are some other important events and dates to be aware of this month:

- **March 2- Spring Dance.** Students are encouraged to wear blue, yellow, and pink colors.
